

**Defender Range**

Portable welding frames & bespoke booths and curtains

The necessary solution for employee protection.

Offering all the same benefits as the Defender 100, but manufactured with a sturdier and heavier grade frame – 30mm OD and 4kgs heavier. The solid 1 piece curtain is attached through both a top and bottom rail.

These screens adhere to EN1598 welding standard, therefore offering all the necessary requirements to achieve a safe welding environment.

|                        |  |
