FUELS & PETROLEUM SOLVENTS: Fair

Recommended for medium cost products where resistance to heat and oils is essential. The ozone resistance of Neoprene ensures a long life in outdoor applications.

No rubber compound has formal FDA approval as only raw materials which are used to make a compound are given approval by the FDA. All the ingredients in this formulation have been checked against the latest update of the CFR21 FDA 177-

2600 ingredient listings and are present at the level permitted.

This grade also complies with EC1935/2004.

EC1935:2004

Complies with FDA Food Contact Regulation 21 CFR177-2600
